Viaccess-Orca Multi-DRM Solution Achieves Cartesian's Farncombe Security Shield

PARIS — Sept. 15, 2023 — Viaccess-Orca (VO), a global leader providing OTT and TV platforms, content protection, and advanced data solutions, announced today that its [multi-DRM](#) solution has successfully undergone the Farncombe Security™ Audit and obtained the Farncombe Security™ Audit Shield Mark. This critical milestone highlights VO's continuous commitment to protecting content in a world experiencing a growing number of threats on pay-TV content. The Farncombe Security™ Audit is Cartesian's independent specialist content security auditing service for video solution vendors worldwide, trusted and recommended by the major Hollywood studios and in line with the MovieLabs specification for Ultra HD content.

"Multi-DRM license delivery workflows play a crucial role in the security of video streaming services," said Lionel Tranchard, Head of Content Security at Cartesian. "By selecting Cartesian to review the security of their multi-DRM solution, Viaccess-Orca confirms again their constant commitment to continuously improve their solutions, in order to provide best-in-class content security."

VO's multi-DRM solution secures content throughout every phase of the video workflow, from content preparation to delivery, on any screen through any network. Featuring integrated analytics, VO's multi-DRM is the most cost-efficient, scalable, and rapidly deployed solution for video streaming and broadcast content protection.

"Cartesian's prestigious security reviews are highly trusted within the video industry," said Pierre-Alexandre Bidard, EVP Products and Services at Viaccess-Orca. "Completing the Cartesian assessment underlines that our multi-DRM solution passes stringent industry standards for content protection, keeping our customers' precious assets and revenues safe from new, emerging forms of video piracy."

VO will demonstrate its multi-DRM solution at IBC2023 at stand 1.A51. To set up a meeting with the company, or to see a product demo, visit www.viaccess-orca.com/ibc_2023.
